

**What Is Claimed Is:**

1. A textile printing substrate comprising:
  - a textile substrate having a first side and a second side;
  - a dye fixing/receiving composition disposed on the first side of the textile substrate, the dye fixing/receiving composition including:
    - a amino compound forming a chemical bond with the textile substrate; and
    - inorganic particles.
2. A textile printing substrate comprising:
  - a textile substrate having a first side and a second side;
  - a resin binder disposed on the first side of said textile substrate;
  - a dye fixing/receiving composition disposed on the first side of the textile substrate, the dye fixing/receiving composition including:
    - a amino compound forming a chemical bond with the resin binder; and
    - inorganic particles.
